A FAMILY MATTER.
She sewed a button on my coat.
I watched the fingers nimble.
Sometimes I held her foot of thread.
And sometimes held her thumb.
I'm glad to do it, you're far
From sister and from mother.
"Tis such a thing," she said, and smiled,
"As I'd do for my brother."
The fair head bent so close to me
My heart was wildly beating.
She seemed to feel my gaze, looked up,
And then our glances meeting.
She flashed a ruddy, rosy red,
And I, I bent and kissed her.
"Tis such a thing," I murmured low,
"As I'd do to my sister."

It is the plan of the Association to hold several rally meetings this winter.

The hares will hide about one-half mile from town, and after the hounds hunt them out an old-fashion peanut eat will take place. Every junior member should be in the race. Secretary Pilkington will be one of the hares, and the boys are waiting to get after him.

This evening at 8 o'clock Charles J. Towle, Electrician on the C. and O. Railroad, will give the first of his lectures on electricity at the Y. M. C. A. Mr. Towle and the Association have gone to considerable expense and trouble to get up this lecture, and they are glad to invite both ladies and gentlemen to it. The lecture will be in the gymnasium, as the Association has no other room that will accommodate the large audience that will attend, also give room for the machinery that will be used in the lecture. Remember, the lecture is free.
